

Microwave Magic

Is the only action your microwave sees is defrosting, reheating, and cooking microwave meals? Don't overlook this convenient and cost effective way to prepare delicious meals for your family. Join your Walworth County UW-Extension Family Living Educator Jenny Wehmeier for a demonstration of main dishes, breakfast, and snack ideas. Participants will leave with new ideas to add variety to your quick meals.

Tuesday, December 4, 2012

2:00 - 3:00 p.m.

Matheson Public Library
101 North Wisconsin Street
Elkhorn, WI 53121
